Why is human life “sacred”?

Sanctity of Life Sunday

Humans have life on a higher level than animals:

1. Animals are living creatures.
2. These babies are living souls.
3. These babies are made in the image and likeness of God.

Teach these babies that their lives are a sacred gift from God:

1. Don’t succumb to the world’s view of human life.
2. Teach these babies to honor God.
